

## Pham Huy Hoang (Harry Pham)

Full Stack Developer

Phone: +44 7922.819.535 (UK)

Email: [huyhoang8a5@gmail.com](mailto:huyhoang8a5@gmail.com)

LinkedIn: <https://www.linkedin.com/in/huyhoangpham92>

## SUMMARY

I'm a full stack developer with 3 years of experience in C#.NET technologies (which includes 2 years of experience in Front-End Web Development), with good knowledge of Object-Oriented Analysis and Design, Database Design, and Design Patterns.

Learning new languages and technologies is what I am passionate about. I am considered a team-player because I like to help other and tend to work well within the group. I can also do some mentoring tasks and do code reviews for other team members.

## TECHNICAL SKILLS

- **Programming Languages:**
  - C#.NET, JavaScript, Java
  - HTML5, CSS3
- **Frameworks/ Platforms:**
  - ReactJS, AngularJS, NodeJS
  - Webpack, Babel, ES6
  - ASP.NET MVC, Web API
  - Entity Framework
  - jQuery, Twitter Bootstrap
- **Database Management Systems:**
  - MS SQL Server, MySQL
- **Others:**
  - Good understanding of OOP methodologies, SOLID principles, design patterns
  - Experience with Agile and Scrum development process
  - Intermediate Photoshop skill. Can do simple design: logo, banner, poster....

English:

  - TOEIC 940/990
  - IELTS: 7.5
- **Soft Skills:**
  - Time management
  - Business communication
  - Teamwork

## EDUCATION

### Lancaster University (UK)

From 09/2015 to 09/2017

- Studying MSc International Innovation - Computer Science pathway.
- Degree grade: Distinction – GPA 72% (Estimated).

### FPT University Ho Chi Minh (Vietnam)

From 11/2010 to 01/2014

- Studying Software Engineering.
- Degree grade: Good – GPA 88% (Equivalent to 1st in the UK).
- Top 5 graduated student in 2014.
- Chosen as the Team Leader in the Capstone Project. My Capstone Project was the one with the highest score in that semester.

## PROFESSIONAL EXPERIENCE

Lancaster University ISS (UK)

02/2016 - Now

Position: Full Stack Developer

Project: iLancaster

- **Project Description:** A free mobile app delivering Lancaster University services, resources, and information - at your fingertips - whenever you want them, from wherever you are.
- **Team Size:** 10
- **Responsibilities:**
  - Design UX/UI and implement the solution (both back-end and front-end) based on the requirements from stakeholders
  - Design database schema and implement back-end services for the iLancaster app
  - Implement additional functionalities for the iLancaster app
  - Collaborate with team leader to define and improve the team's workflow, which decreases 40% time to deploy new functionality and reduce bugs related to configuration

ASWIG Solutions

09/2014 – 09/2015

Position: Software Engineer

Project: Foundation

- **Project Description:** A system which serves as a gateway, checks the authentication and authorization of the users from other applications.
- **Team Size:** 6
- **Responsibilities:**
  - Communicate with customers and teammates to clarify requirement
  - Develop key modules of the system. Implement an input validation framework that saved around 20% of the development time of other functionalities
  - Write key technical documents and mentor new members of the team

FPT Software Ho Chi Minh

01/2014 – 08/2014

Position: Junior Developer

Project: Nebula - Simulator

- **Project Description:** A system simulates the process of constructing an oil well. The purpose of the system is to help to train junior petroleum engineers.
- **Team Size:** 12
- **Responsibilities:**
  - Develop and fix the application's defect base on requirements
  - Develop small modules of the system
  - Prepare documents and technical guide for developers joining in the middle of the project

## PASTIMES AND ACTIVITIES

- I am keen on reading books, IT blogs, Medium, and Quora in my free time. My favourite books are: Clean Code, Head First Design Pattern, C# in Depth, Working with Legacy Code.
- My other hobby is blogging, as I am the author of a Vietnamese IT blog called [toidicodedao.com](http://toidicodedao.com), where I share my working experience and knowledge to other developers. My blog is one of the most famous IT blogs in Vietnam with more than 150.000 views monthly.
- I also participate in [stackoverflow.com](http://stackoverflow.com) – an international Q&A site for programmers: <https://stackoverflow.com/users/4201323/huy-hoang-pham>
- In my free time, I also work on some pet projects. They can be found at my online CV [cv.toidicodedao.com](http://cv.toidicodedao.com) and my GitHub profile <https://github.com/conanak99>
